Sonoma County

St. Joseph Health operates two hospitals in Sonoma County — Santa Rosa Memorial Hospital, a 338-bed Level II Regional Trauma Center, and Petaluma Valley Hospital, an 80-bed hospital which offers 24-hour emergency care. In addition, St. Joseph Health, Sonoma County operates a Synergy Health Club in Petaluma, three urgent care clinics as well as a hospice.

Santa Rosa Memorial Hospital’s core services include acute rehabilitation, cancer, cardiac, critical care, women’s and children’s services (including the UCSF Neonatal Intensive Care Nursery), neuro, orthopedics, outpatient surgery, pediatrics and more. Petaluma Valley Hospital offers a family birth center, respiratory therapy, telemetry, pulmonary rehabilitation and critical care.
